

The Center for College and Career Readiness to Offer an Executive Briefing on Accelerated Student and Teacher Engagement

Hosted by MeTEOR Education, the executive briefing is set to take place **on January 16th at Silver Consolidated School District and January 17th in Deming. Please use the links below to register for either date.**

This three-hour session brings together key educational visionaries to highlight the benefits of a “ProSocial™” learning environment and to discuss “cultural design” as a critical component of planning for student and teacher engagement. If you would like more information, click on the link below:
