

Welcome to the 2020-2021 CES/NMCEL Virtual Superintendents Academy

Sessions will be presented on Wednesday afternoons 1:00-3:00 p.m. twice monthly

Most months will include two presentations-the first session by one of our colleagues providing ideas, strategies and best practices on the specific topic; the second session is a presentation by a Superintendent and his or her team discussing how the concept/strategies are carried out in a district.

Sessions are open to Superintendents and their Administrative Teams and Charter School Directors
